

No Where

By Sabrina M. Cummings

Here I am
In the moment
Out numbered
No one else like me
So few are here or come
But I'm here
Ain't goin nowhere
Make my presences known
Statement made
Intimidated not
I am proud to be me
I speak without words.
My mere presence says it all
I'm not goin to the back
I'm gonna step up front
I am equal to all here
Network
I will
Let it be known
I'm
Not goin
Nowhere
