

Blinking Cursor

By Robin Lipinski

Waiting,
Wanting,
Whispering to me a need.

Wallowing,
Wishing,
What will it be?

Will you like it?
Will I?
Will it mean anything?
Why worry.

Women swoon,
Wishful,
Wanton,
Wasting time better spent.
Weapons wound warriors with war.
Will it ever stop?

Worldly advice wanted,
Windows wide open to receive,
Would you care to notice if there were silence?

What you need to exist, is
Words.

The End
