

Capture the Moment

By Robin Lipinski

(Alpha)

Fleeting, speeding, running in a way

Trying to capture a view,
An idea,
A need

Humanity having dialogue with greeting,
Scolding rebuke pinning,
Learning by design,
Are you ready? Yet

Still

In a circle spinning
A moment it will be
A moment it will be gone

You seek answers unable to answer,
Questions yet unknown,
Still

Stumbling in choice of ignorance,
Momentary happiness,
Fixated on constant pain,
Sustenance,
Sex,
Simple
Pleasures

Are you now ready for me?
If not, maybe one day you'll see the moment,

Peace
