"Marines banned from farting in Afghanistan"

In their world filled with bombs and sand,
The US Marine is banned.

Not in conflict with the Taliban, but with something,
Well, a little more digestic.

When in the presence of those they came to kill or protect,
Just cross you toes and hold it.
Then, when the time is right, just let it rip and blow it.

Failure to adhere will have you standing tall,
And when the Commander is chewing you out,
With a smile, let them smell it.

The End
